## **COVER Co165 AUREUS Gent Chronograph**

Sporty, elegant aura for a grand insight into time. The masculine chronograph is modelled onto the beautiful AUREUS case which impresses with the combination of large dial and thin dimensions. The characteristic COVER pyramid pattern on the dial and a tachymeter for speed measurement make the chronograph a real eye-catcher. Available in the classic black and white combinations, as well as the fashionably sportive colour versions, with a stainless steel bracelet or an attractively stitched leather strap. Scratch-resistant sapphire glass and 1/10 seconds quartz movement.

**Swiss Made.** [www.discovercover.com](http://www.discovercover.com)
