COVER Co195 Nobila Lady

Tasteful and chic, Nobila captivates with discrete elegance, slim case design and classic purity. The eye-catching small second at 6 o'clock complements the classic lines of case, hour markers and hands. Yet, the real brilliance lies in the shimmering mother-of-pearl dial on which modest Roman or Arabic numbers in black complete the inherent elegance of this outstanding timepiece. For those ladies who like to stand out, Nobila comes with a colour graduate dial on which a grey or blue centre slowly blends into black.
