COVER CoA9 Concerta Open Heart

Sheer elegance with a taste for the extraordinary is everything this captivating lady's watch is about. Clear but softly flowing lines harmoniously interweave with notes of playfulness to form the perfect composition. The enchanting creation is brought to a shine by the graceful dial featuring simple hour markers on shimmering mother-of-pearl. Through the opening at 12 o'clock, Concerta opens her heart to offer a glimpse of the automatic movement that is her heartbeat. An exclusive stainless steel bracelet or leather strap elegantly finishes the feminine design.
